DETAILED ACTION

Response to Amendment

Response to Arguments

1. Applicant's arguments, see page 7, line 16 to page 12, line 11, filed 6 November 2008, with respect to the 35 USC 102 and obviousness-type double patenting rejections of claims 1-8 have been fully considered and are persuasive. The 35 USC 102 and obviousness-type double patenting rejections of claims 1-8 have been withdrawn.

Claims

2. The Examiner suggests Applicants rewrite the word "cute" in line 7 of claim 7 as "cut" to correct an apparent typographical error.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 6-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 recites the plugs formed at an upstream end of the first (upstream) filter being bonded to at least part of plugs formed at the upstream end of the second (downstream) filter. However, this is not physically possible since the upstream plugs of the first (upstream) filter are not in contact with the upstream end of the second (downstream) filter. It appears as though the word "upstream" at the end of line 4 should be changed to read as "downstream". Claims 7 and 8 are rejected since they depend from claim 6.

Allowable Subject Matter

5. Claims 1-5 are allowed.
6. Claim 6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. Likewise, claims 7 and 8 would also be allowable if claim 6 were amended.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
